Signature of Competitor or Parent..... Date

CLUB RECORDS

From 2015 the club recognised two types of records:

Club Championship Records

This can only be set in the Club Championships and will be based on age on 31st December and the age groups will be same as the club championships. They will obviously always be Short Course Records.

Club Records

These can be set in any recognised event.

There will be separate Long Course (50m pool) records and Short Course records (pools less than 50m).

Both types of Records will be held in a database and shown on the web site.

Records will be automatically updated from swims done in competitions shown on the Annual Competition Plan.

Swimmers must apply for a record if they achieve a record in any other type of event.

Only 1st leg relay splits will be accepted. Unofficial (balcony) times will not be accepted in any circumstance.
